Here are just a few of my recent bridal makeup reviews

Izzie was so great to work with for my wedding makeup. She took all my input from the trial and applied the most perfect makeup for my wedding day! All my bridesmaids were thrilled with their makeup as well. The wedding day went so smoothly, she was organized and had everyone finished on time. I would definitely recommend Izzie for your makeup needs!

Isabela was wonderful at my trial and on my wedding morning! She listened to the tweaks I mentioned at the trial to achieve the look I wanted, and my makeup along with a few of the bridesmaids she worked on looked amazing and lasted all day!

Would recommend her for any event that requires some beauty! She was amazing, easy to get along with and did so well with our vision on what we wanted for our make up! I got endless compliments on my bridal makeup up from my 90 guests! Thank you so much for everything!

The best makeup artist ever!!!!
Absolutely stunning makeup for me and my bridesmaids! If you are looking for an affordable, professional and super kind makeup artist, Isabella is your girl!

Isabella (Izzie) was an absolute pleasure to work with. She was on time, and once she arrived my bridesmaids and I showed her our makeup inspiration, and she made all of our visions come to life! She even made sure to add extra layers of setting spray as I knew there were going to be many happy tears that day, and the makeup didn't budge at all! I would highly recommend hiring Isabella, she made me feel like such a beautiful bride!

Couldn't have asked for a better bridal makeup artist!

Izzy did my bridal makeup and I couldn't be happier. It stayed flawless all night and she was an absolute joy to work with — warm, calm, and so talented. Highly recommend!
